📄 SUMMARY

Fullstack web developer with several years of hands-on experience building modern web applications. Focus on React, TypeScript, Node.js and PHP/Laravel, as well as developing REST APIs and responsive web design. Experienced in delivering complex web solutions, from frontend development through backend integration and authentication to testing, performance optimization and CI/CD.

🧠 SKILLS

Frontend

React.js Next.js Vue.js React Native
TypeScript JavaScript HTML5
CSS3/SCSS Tailwind Framer Motion

Backend

Node.js PHP (Laravel) Python (Django)
REST APIs GraphQL

Databases

MySQL, PostgreSQL, NoSQL
(MongoDB, Firebase, Redis)

DevOps

Git GitHub GitLab Docker CI/CD

CMS

WordPress Strapi

👛 PROFESSIONAL EXPERIENCE

Freelance Work & Personal Projects

Fullstack Web Development

04/2025 – Present

- Developed a real-time chat application (Laravel REST API, React/TypeScript frontend).
- Implemented authentication and authorization with Laravel Sanctum, plus social login via OAuth2 using Laravel Socialite.
- Built real-time communication with Laravel Reverb and Laravel Echo, including live typing indicators and a Redis-based online status display.
- Deepened knowledge of Vue.js 3, Angular, Laravel and Node.js.
- Gained knowledge of JWT-based authentication and real-time communication with Socket.io.
- Used modern AI tools such as GitHub Copilot and Claude in the development process.

Aleks & Shantu GmbH

Fullstack Web Developer

06/2023 – 03/2025 | Berlin

- Developed and optimized web applications using HTML5, CSS3/SCSS, JavaScript and PHP.
- Used modern frameworks and technologies: React, Next.js, TypeScript, Node.js, WordPress REST API.
- Built interactive animations and dynamic UI elements with Framer Motion.
- Implemented responsive web designs based on prototypes and style guides.
- Testing and debugging, cross-browser compatibility.
- Agile teamwork with GitHub, Slack, Trello, Atlassian and Zoom.
- Connected and integrated external APIs and backend services.
- Supported the ongoing development and maintenance of existing systems.
- Applied accessible design in frontend implementations in line with WCAG.

Radscheit GmbH (happycoding)

Fullstack Web Developer

09/2021 – 05/2022 | Berlin

- Developed websites with React.js (Gatsby) and WordPress (headless CMS).
- Theming and maintenance of WordPress sites with HTML, PHP, SASS/CSS and JS.
- Developed APIs in PHP.
- Performance optimization of existing web solutions.
- Contributed to planning new features in close coordination with design and marketing teams.
- Code reviews and quality assurance.

CERTIFICATES

- Build Web Apps with React & Firebase (Udemy)
- Build Web Apps with Vue.js 3 & Firebase (Udemy)
- Build Data Visualizations with D3.js & Firebase (Udemy)
- CS50's Web Programming with Python and JavaScript (HarvardX)
- Small Business Startup and Management (Red Crescent Training Center)
- Vocational Training Certificate in Web Programming and Design (Red Crescent Training Center)
- Programming with C# (New Horizons)

Jobvector GmbH

Web Development Intern

05/2021 – 07/2021 | Düsseldorf

- Supported frontend implementation and UI adjustments with Vue.js/Nuxt.
- Contributed to testing, bug fixing and release preparation.
- Test-driven CI/CD development.
- Dashboard development for visualizing incidents.

Career transition after relocating to Germany

09/2015 – 10/2016 | Hamm (NRW)

EDUCATION

Computer Science (B.Sc. program)

Freie Universität Berlin

2019 – 2021 | Berlin

- Studied computer science with a focus on fundamental concepts of software development and programming.
- Deepened technical knowledge in computer science, software development and web technologies.
- No degree completed.

Studienkolleg (university preparatory program) — DSH 2 (C1)

Technische Universität Berlin

10/2017 – 03/2018 | Berlin

- German and subject-specific language instruction in mathematics, physics and economics, geared toward studies in the natural sciences, engineering and economics.

German course -- B2

Volkshochschule

10/2016 – 01/2017 | Dortmund

German course -- A1 to B1

01/2014 – 03/2015 | Damascus / Syria

Diploma in Software Engineering

Technical Institute of Computer Science

2010 – 2013 | Damascus / Syria
